For "worn-out," "run-down," debilitated school teachers, milliners, dressmakers, seam-stresses, general housekeepers, and over-worked and feeble women generally, Dr. Pierce's Favorite Prescription is the best of all restorative tonics. It is not a "cure all," but admirably fulfills a singleness of purpose, being a most potent specific for all those chronic weaknesses and diseases peculiar to women. It is a powerful, general as well as uterine, tonic and nervine, and imparts vigor and strength to the whole eystem. It cures weakness of the stomach, indigestion, bloating, nervous prostration, hysteria, debility and sleeplessness.
